

# MEMORANDUM

TO:	Palisades Center Tenants
FROM:	Darrin Houseman, General Manager
DATE:	December 10, 2021
RE:	<b>Updated Mask Policy for Palisades Center</b>

Dear Tenant,

The safety of our guests, tenants and community partners at Palisades Center remains a top priority for us. In addition to doing our part by following the New York State's guidance about COVID-19 protocols, we fully support the efforts of all of you to fulfill all State and local guidelines as they are announced.

***Beginning Monday 12/13, as per New York State mandate, all guests who visit Palisades Center will be required to wear masks. The mandate will remain in place until Jan. 15, when the state re-evaluates whether it is still necessary based on conditions.***

It's important to note that all health and safety protocols will remain in place at Palisades Center to ensure that all of our customers can safely enjoy spending time at our center during the holiday season. Please also note that you are still required to follow all New York State mandates within your space, which can be found online in detail here: <https://forward.ny.gov/>.

As a reminder, I also wanted to remind you that our "[Healthy Shopper Guidelines](#)" still apply to everyone entering our properties (employees, guests and tenants).

Please let us know if you have any questions. Thank you for your cooperation.

Regards,

Darrin Houseman  
General Manager, Palisades Center
