

Fire Alarm INSPECTIONS

It's that time of year to schedule your fire alarm system inspection!

**TESTS MUST BE COMPLETED BETWEEN
8/1 AND 9/30 EVERY YEAR!**

Fire alarm inspections and subsequent work must be scheduled through
Mall Management by contacting:

marysalerno@pyramidmg.com / 845-348-1005 x119 or
wesleyshort@pyramidmg.com / 845-348-1005 x111

Use one of the following vendors, or use your own that is licensed
to work in Rockland County, NY

**Fail Safe
Technical
Associates**

845-635-4112

**SafetyNet
Security**

845-501-2323

**Clarkstown
Fire Service**

845-523-3200

Send your completed inspection documents to firereports@clarkstown.org and leave a copy in your space.

During this time, the Town of Clarkstown Fire Inspector will be visiting your location to ensure:

- A fire alarm inspection that has been conducted
- A copy of your fire alarm inspection is in the space
- Fire extinguishers are inspected (required annually)
- Emergency lights are operational and on battery backup
- EXIT signs are operational
- All stock room doors are closed and closing devices are operational
- All stock is contained in the stock room (not in the fitting rooms)
- A clear egress is maintained throughout the entire store, stock room and rear exit corridors
- No extension cords are being used on a permanent basis

**Restaurants and food court
tenants** must have a Hood Range
Suppression System inspection
within the last 6 months and the
grease accumulation must be
maintained. Confirmation is
required for both.
