A company is only as good as its employees, which creates the need to recruit good talent. With that in mind Galaxy Communications is hosting seasonal job fairs in the third level of the Canyon area at DestiNY USA on April 19th and September 13th from 3pm-6pm

These job fairs are unique because they will be promoted on radio stations and social media platforms reaching 300,000 adults in Central New York. These job fairs will also be supported by on site ads at DestiNY USA and press releases.

All participating companies will receive a database of attendees at the conclusion of the event. One lucky attendee who hands in their information will receive a \$200 shopping spree for new business attire at DestiNY USA!
